CAREER OBJECTIVE

I'm a Electronics and Communication student with skills in both hardware and software development. Knowledge in programming language like Core Java and Python with interest in frontend technologies and apply skills in real world technologies.

EDUCATION

- **B.Tech:** 2022-2026-SVR Engineering College , Nandyal.
- **Intermediate:** 2020-2022-Raos Junior College, Nandyal.
- **SSC:** 2019-2020-Sri Santiniketan English Medium School, Nandyal.

TECHNICAL SKILLS

- Core Java, Java Script
- Python
- HTML, CSS
- SQL
- Power BI
- Figma

SOFT SKILLS

1. Communication Skills
2. Collaboration
3. Ability to Learn
4. Team Work
5. Presentation Skills
6. Respecting Others

PROJECTS

- **AutoMAC: Scalable MAC Framework for HPC:** Developed a scalable Multiply–Accumulate (MAC) architecture for high-performance computing applications using Verilog HDL. Implemented GD Multiplier and Carry Skip Adder techniques to improve speed, reduce delay, and optimize power consumption.
- **Portfolio:** Developed my portfolio website using HTML and CSS. Hosted the portfolio using [GitHub Pages](#) for online accessibility and project presentation.

INTERNSHIP

Full Stack Developer Intern

- Completed a Full Stack Development internship with hands-on experience in frontend and backend technologies.
- Contributed to web application development and gained practical experience in building and improving web applications.

CERTIFICATIONS

- **Java Full Stack Development – Vstand4U Technologies Pvt. Ltd.**
Completed comprehensive training in Java Full Stack Development, covering Web Development, SQL, and Competitive Programming. Gained practical experience in developing applications and solving programming problems using Java.
- **Web Development**
Successfully completed a course covering Web Development fundamentals and information security. Gained practical knowledge of designing responsive and secure web applications.
- **Google Developer Student Clubs (GDSC)**
Completed GDSC certification with hands-on exposure to Google technologies, project development, problem-solving, and teamwork. Strengthened technical and collaborative skills through practical project-based activities.

HOBBIES

- Watching movies and series in any language with subtitles.
- Listening to Music
